

Thank you for learning about how you can support the Arman Roy Foundation through our Sponsorship Program.

YOUR GIFT MATTERS

Our sponsors provide the support to create inspiring and successful events and programs throughout the year that positively impact thousands of underserved youth. Together, we are creating a more equitable world where all youth have access to technology resources, education and job opportunities. Thank you for joining our journey of HOPE and making a difference in our communities!

OUR MISSION

The Arman Roy Foundation was established in June 2019 in honor of Arman Roy, who tragically passed away on April 9, 2019. Arman's name means HOPE...and his bright, beautiful spirit of caring lives on through this charity dedicated to bridging the digital divide and opening a window to wonder, opportunity, and hope for disadvantaged youth in our local communities.

WHY PARTNER

- ✔ **JOIN THE MOVEMENT** to change lives and make a real impact in our community. Technology is being utilized in every field and driving our economy. Yet today, nearly one-third of K-12 students in the US are still affected by the digital divide, lacking access to a working device, reliable high-speed internet or both. The digital divide issue largely affects underserved communities of color and our work towards equity ensures ALL children have the 21st-century skills necessary to unlock countless opportunities for their future.
- ✔ **INCREASE** your brand exposure and elevate your organization's identity as a great corporate citizen to your customers, employees and local residents. Since 2019, our Foundation has rapidly gained over 2,000 supporters representing 10 countries and 46 U.S. states. Our social media presence has a broad distribution with over 1,000 followers across all platforms, including LinkedIn, and our in-person events are expected to be attended by over 500 participants.

OUR IMPACT

- ✔ Enabled 35 projects across NJ, NY, and PA, positively impacting 3400+ youth.
- ✔ Donated 276 devices and tech resources during the COVID-19 pandemic.
- ✔ Provided tech funding for 230 schools, serving majority low-income students.
- ✔ Funded five 21st century tech centers at residence shelters serving youth.
- ✔ Launched STEM after-school workshops & summer programming for 60 youth.
- ✔ Provided two college scholarships for Stockton University students.
- ✔ Sponsored nine young adult learners in the Per Scholas IT Support career cohort.
